Product and Services Description

Flock Safety Platform Items	Product Description
FlockOS Premium Solution	FlockOS Premium Solution
Community Partnership Video Camera	Designed to enhance community safety, the Flock Community Partnership Camera is a solar-powered video camera, cellular-enabled solution provided to businesses. With an LED deterrent light, it deters crime while reinforcing collaboration between businesses and law enforcement
FlockOS Premium	FlockOS Premium provides agencies with the tools, training, and regional support needed to establish and operate a full-scale, future-ready crime operations center. It includes all features of FlockOS Plus while streamlining RTCC implementation and coordination without added complexity.
Flock911	Flock911 enables users to access live 911 calls directly within the FlockOS™ software, delivering real-time situational context that ensures faster, safer, and more efficient responses to calls for service.
Video Camera Professional Services - Standard Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.
Flock Safety - FlockOS® - Freeform Add-On	AI-powered software add-on to the Flock Safety Platform that adds the ability for users to search using plain language across LPR images and video footage (from FreeForm-enabled devices) with built-in safeguards ensuring ethical and compliant usage.
Professional Services - Flock911 Implementation Fee	One-time Professional Services engagement to set up Flock911.
Flock FreeForm™ - Included Integrated Video Streams	Baseline allocation of FreeForm-enabled third-party video streams included with a FreeForm license.
Flock FreeForm™ - Additional Integrated Video Streams	Expanded allocation of FreeForm-enabled third-party video streams available as an add-on to a FreeForm license.
Flock Safety Video Integration Gateway - 128 Streams, fka Wing	Gateway - 128 streams
Flock Safety Video Integration Gateway - 64 Streams, fka Wing	Gateway - 64 streams
Professional Services - Video Integration Gateway Implementation Fee	
Professional Services - Video Integration Gateway Implementation Fee	
Video Integration Gateway 2.0 - 16 Streams, fka Wing	Video Integration Gateway 2.0 box with 16TB data and 8 channel AI capability, 30 days of storage
Professional Services - Video Integration Gateway Implementation Fee	

FlockOS Features & Description

FlockOS Features	Description
ESRI Based Map Interface	Map-based interface that consolidates all data streams and the locations of each connected asset, enabling greater situational awareness and a common operating picture.
Real-Time Alerting on Flock Hardware	Receive LPR, video, and audio alerts on a single interface, providing real-time event details, locations, and nearby cameras.
Real-Time Traffic Layer	Overlay live traffic data onto your agency's operational map, integrating it with CAD calls, body camera locations, and police vehicle positions.
Camera Direction Indicator Tool	The Camera Direction Indicator in FlockOS visually displays the viewing angles of live video and/or LPR cameras on the Flock Map.
Map Attachments	Easily managed through the Flock Admin portal, Map Attachments enables agencies to store and access key operational data for dispatchers, patrol officers, and command staff.
Custom Map Layers	Powered by ESRI, the FlockOS Map supports 3D visualizations, floor plans, GIS data layering, and allows users to upload custom map layers for a tailored mapping experience
Real-Time Routing	Promote safety by anticipating a defined area where a vehicle could be located that alerts on an LPR camera through advanced analytics.
Recent LPR Images	View recent snapshots from nearby LPRs in a map-based modal to help operators visually scan for vehicles matching a description and identify plates in real time.
Flock Aerodome Drone Location & Live Viewing	FlockOS integrates Aerodome drones to stream live video and GPS data directly into the platform, providing real-time aerial visibility for law enforcement operations.
Computer Aided Dispatch (CAD) Connection	Seamlessly incorporates your CAD system into FlockOS™. This crucial connection ensures that calls-for-service, locations, and actionable intelligence are displayed side-by-side, driving efficient call resolutions.

Receive External CAD	View supported CAD calls for service shared by neighboring agencies, providing real-time visibility into active incidents to improve cross-jurisdictional coordination.
Automatic Vehicle Location (AVL) Connection Inside Agency	Displays real-time patrol officer locations from your agency in a unified map view by integrating Automatic Vehicle Location (AVL) data through supported product integration; with an API being provided for other vendors if specific integration is not available.
Body Worn Camera Live Location	Displays real-time patrol officer locations in a unified map view by integrating Body-Worn Camera Location (BWC) data through supported product integrations; with an API being provided for other vendors if specific integration is not available.
FirstTwo Connection	Law enforcement agencies with an existing FirstTwo account can integrate it with FlockOS to access real-time open source intelligence data, including information about residents at specific locations, details about people e.g. phone number, names, ages, to enhance situational awareness and response coordination.
Drone Integration	Access live drone video feeds, locations, and device statuses from supported products in one unified map view; with an API being provided for locations and device statuses for other vendors if specific integration is not available.
External Automatic Vehicle Location (AVL) Connection	Integrates AVL data from connected agencies, providing a centralized operational view of officer and vehicle locations to enhance interagency collaboration.
Map Based Viewing of 3rd Party Video Inside Agency	Consolidate integrated third-party cameras onto a single operational view, making it easy to locate, activate, and monitor live video feeds in real time.
Access to Live Video Outside of Agency Jurisdiction	Agencies can view live and recorded footage from neighboring agencies' cameras- whether from schools, traffic cameras, or third-party video feeds in a centralized system for cross-jurisdictional collaboration.
Video Integration with Cloud, Gateway, VMS	Agencies can access and manage video feeds from connected public and private camera systems in one secure platform via Flock's Video Integration products.
Public/Private Partnership MOU Creation	Flock Safety facilitates the legal agreements needed for public-private video sharing, ensuring compliance and reducing administrative workload for law enforcement agencies
Camera Registry Program	Access a customizable, fully-hosted camera registry website to quickly identify nearby video sources during incidents. Strengthen community ties by incorporating fixed camera feeds from local schools, businesses, and neighborhoods. The interactive map lets you spot relevant cameras so you can easily contact camera owners to assist in investigations.
Custom Community Partnership Website	The Community Partnership Website is a customized, professionally designed platform that helps businesses and residents register their cameras, access public safety resources, and actively support local law enforcement efforts.
Community Rollover Program	The Flock Safety Community Rollover Program allows law enforcement agencies to establish public-private camera partnerships with flexibility. Any unused community camera connections can be converted into Flock Safety equipment, such as LPR cameras, live video cameras, or audio detection devices, ensuring all investments contribute to public safety.
Community Partnership Support Team	The Flock Safety Community Partnership Support Team provides guidance and resources to help agencies engage local businesses and residents, build public support, and establish effective safety partnerships.
Dedicated Customer Success Manager	A dedicated Customer Success Manager serves as your agency's primary contact, providing expert assistance to streamline deployment, maximize efficiency, and ensure long-term success with FlockOS.
Personalized Training by Flock's RT Consulting Team	Flock Safety offers onsite training and consulting led by former law enforcement professionals (one consultant for six hours) to facilitate seamless integration, enhance user proficiency, and optimize the implementation of FlockOS.
Unlimited Users	Unlimited users for FlockOS
Utilization of Flock Safety Mobile App	Increase case clearance on-the-go with real-time alerts and searchable LPR data for mobile devices via the Flock Safety Mobile App, available on Android and iOS devices.
Live Location Sharing from Flock Safety Mobile App	Live Location Sharing in the Flock Safety Mobile App allows officers to share their real-time location with dispatch and command staff through FlockOS Map, enhancing coordination and safety.
